Pacific Bowl Association Elects Officers; Makes Future Plans

At a recent meeting of the Pacific Bowl Association, new officers were elected. Meeting was opened by the introduction of the retiring officers.

A history of the beginning of the association from beginning to end was given by Jan Darian. When a group of civic and cultural minded leaders felt the necessity of securing an accessible and proper setting for the various art forms to be presented in the South Bay area.

A site belonging to the Housing Authority of Los Angeles County was found which was warm and sheltered which would be ideal for an exhibition grounds with a museum, Greek theater, and concert bowl which would be close to parking areas and a picnic area.

Miss Elyse Aehle, president, reported that litigation is at a point where the land originally desired for the purposes of the organization may possibly be secured and that probably the original plans can be pursued. The ground which is second choice by the group is available for the use of this cultural center.

Following consideration by the nominating committee a slate of nominees was pre-

Darian, Daisy Odom Geery, and Charles H. Wortham, vice presidents; Mrs. Ethyl Burroughs will continue as honorary vice president; Edward E. Nelson, treasurer; and Howard L. Trimmer, secretary.

Following the election, it was decided by the Association that the committees consist of at least three members, one of which would be the president.
